

# Matching Process

## Job Seeker Perspective

### Job Seeker

- Skill A
- Skill B
- Skill F

Search Job Openings →

### Professional Portfolio App

#### Job Opening 1

- Skill B
- Skill C
- Skill F

#### Job Opening 2

- Skill A
- Skill F
- Skill N

#### Job Opening 3

- Skill A
- Skill C
- Skill D

A **Job Seeker** will have a set of skills and experiences that the system will use to filter

**Job Openings** that the **recruiters** post on the app. The **Job Seeker** selects the **Job Opening** that they are interested in and a

**notification** is sent to the **recruiter** that posted the **Job Opening**

It is up to the **recruiter** to accept the application and establish contact or deny the application.
